Subject: Breathing Air Certificate DIN EN 12021:2014

Certificate

We herewith certify that BAUER breathing air compressor units with purification system P31 meet the requirements acc. to EN 12021:2014.

Samples from BAUER purification system P31 were analyzed at WIWeB in June 2022.

WIWeB Report No. R1/0000027962-Part 1

Test conditions:

Operating pressure: 150 bar and 300 bar

Operating temperature: 20 °C and 40 °C

Charging rate: 320 L/min (150 bar) and 140 L/min (300 bar)

By Order

Dr. M. Spallek
Chief of Section GF340

This certificate consists of 1 page. It may be distributed or replicated by the orderer without consulting WIWeB, under the condition that it is distributed in its entirety and not partially. Any distribution or reproduction of extracts requires the approval of WIWeB. A hand-signed version of the certificate will be sent on request only.
